CATHOLIC DIOCESE OF ISIOLO OFFICE OF THE BISHOP

YOUR REF:
OUR REF:

I warmly extend my pastoral greetings to the administration, staff, students, parents, and all friends of this noble institution. As the Manager, I give thanks to God for the gift of education and for the dedicated service of the school administration who faithfully leads this school in the spirit of the Gospel.

The motto of our school, "Education is Empowerment," beautifully captures the Church's belief that education transforms lives. True education does not only impart academic knowledge but empowers young people to discover their God-given potential and to use their

talents responsibly in service to humanity.

Guided by the vision of being a center of excellence in holistic education and mission, this school continues to form students intellectually, morally, spiritually, socially, and physically. Such holistic formation prepares learners not only for academic success but also for meaningful, fulfilling lives rooted in faith, discipline, compassion, and service.

the school mission—to create an enabling environment where learners acquire knowledge alongside spiritual, mental, physical, and social skills—reflects the heart of Catholic education. In a world often marked by uncertainty and moral challenges, this school stands as a place of hope, consolation, and values, where young minds and hearts are nurtured to become responsible leaders and witnesses of truth.

I commend the teaching and non-teaching staff for their selfless commitment, and I encourage students to take full advantage of the opportunities provided here. Let your education empower you to become agents of peace, justice, and positive change in the society.

As your Bishop, I assure you of my prayers and blessings. May God continue to console His people through this institution, and may the Blessed Virgin Mary guide and protect this school community always.

God bless you all.

✠ Rt. Rev. Peter Munguti Makau, IMC
CATHOLIC DIOCESE OF ISIOLO.

shine before
others.

Matthew 5:16

SR. JULIA
MARK

With deep gratitude to God, it is my joy to present the maiden edition of our school magazine. This publication marks a significant milestone in the life of our school and stands as a testament to the gifts, creativity, and hard work of our learners and staff.

Guided by our school motto, "Education is Empowerment," we believe that education is a sacred mission entrusted to us by God. It is not only the formation of the mind, but also the nurturing of the heart and soul. True education empowers learners to discover their God-given talents and to use them responsibly in service to others. Our mission is to create an enabling environment where learners acquire knowledge alongside spiritual, mental, physical, and social skills, preparing them for a fulfilling and successful life. As a Catholic school, we are committed to forming young people who are grounded in faith, guided by moral values, and inspired by the teachings of Christ.

Anchored in our vision of being a centre of excellence in holistic education, we strive to educate the whole person—mind, body, and spirit. We seek to cultivate academic excellence, strong character, compassion, discipline, and a deep sense of responsibility towards God, one another, and society. This magazine is more than a record of events and achievements. It is a reflection of our Catholic identity, a witness to Gospel values lived out daily, and a source of pride for our school community. May it inspire our learners to grow in faith and knowledge, encourage staff to continue their noble vocation of teaching, and strengthen the bond among parents, students, and the wider community.

I sincerely commend the editorial team, teachers, and learners whose dedication has brought this publication to life. May God bless all our efforts, and may Mary, our Mother, continue to guide and protect our school as we journey together in faith and learning.

EDITORIAL NO 25

THE EDITORIAL

It is with great pride and gratitude that we present this year's school magazine. The 2025 edition reflects a year of growth, dedication, and achievement, shaped by our shared faith and commitment to excellence.

Our chosen theme, "Rooted in Faith, Rising with Purpose," captures the spirit of our school community. It reflects how our Catholic faith grounds us, while encouraging us to grow in confidence, leadership, and service as young women preparing for the future.

Within these pages, readers will discover academic achievements, sporting successes, creative expression, spiritual reflections, and memorable moments from school life. This magazine is a celebration of the talents, voices, and values of our students, as well as the guidance and support of our teachers and staff.

We hope this edition inspires pride in our school and reminds us all of how much we can achieve when we remain faithful, united, and purposeful.

All thanks to the school administration for providing such a big opportunity for the editors through the provision of the ICT lab, where research is done for the success of this magazine.

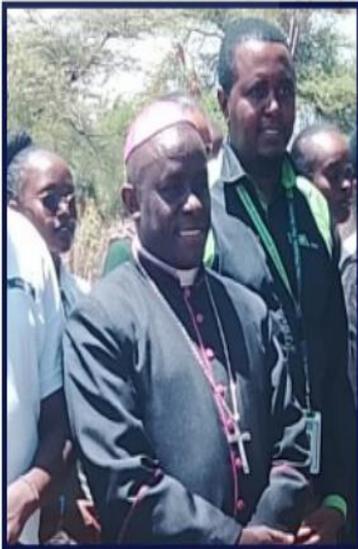

The journalism club, receives a big thanks for the research, and a collection of ideas for the development of this magazine. The editorial team led by the club patron, wishes to thank everyone who has taken part in developing this magazine.

"Educated minds change the world."

YEARLY HIGHLIGHTS

OUR ACHIEVEMENTS THROUGHOUT THE YEAR

ACADEMICS

In academics, our 2025 academic year started at a positive highlight with the class of 2024 recording a mean of 'C'. To keep the spirit up, the office of the director of studies introduced a number of measures which were effected throughout the year, they include; finishing the syllabus by July to allow room for revision, having lunch hour C.ATs cutting across all subjects, in addition we had practical days for biology, chemistry and physics, that is on thursdays and fridays.. Throughout the year, we have had tremendous improvements in exams where students recorded higher grades to an A-. We had four exams per term, well organised and analysed on time these exams included external and internal set exams.

'CO-CURRICULAR'

In co-curricular activities, our girls are the best. In January, we managed to have six girls from our school representing the county at regional levels, in term two; netball and volleyball teams managed to earn a spot at the regional competitions. Thanks to the girl's commitments over the year. We held our annual cultural event in Sept and girls through various clubs showed different skill, talent and confidence. The environmental club carried the day, closely was the journalism club.

COMMUNITY ENGAGEMENTS

Our girls participate actively in liturgical dances as well as choir. Earlier in June, we participated in cleaning the catholic diocese of isiolo premises as part of our community engagement program. we went out to our neighboring schools for sensitization and inspirations, schools like Ngaremara and Hekima school benefited from our journalism club inspirations. we also took part in FKE programmes, A program that best inspires the girl child to take part in STEM

ST. MARY'S GIRLS SEC SCHOOL

ACADEMIC EXCELLENCE AND STUDENT'S REFLECTION ON LEARNING

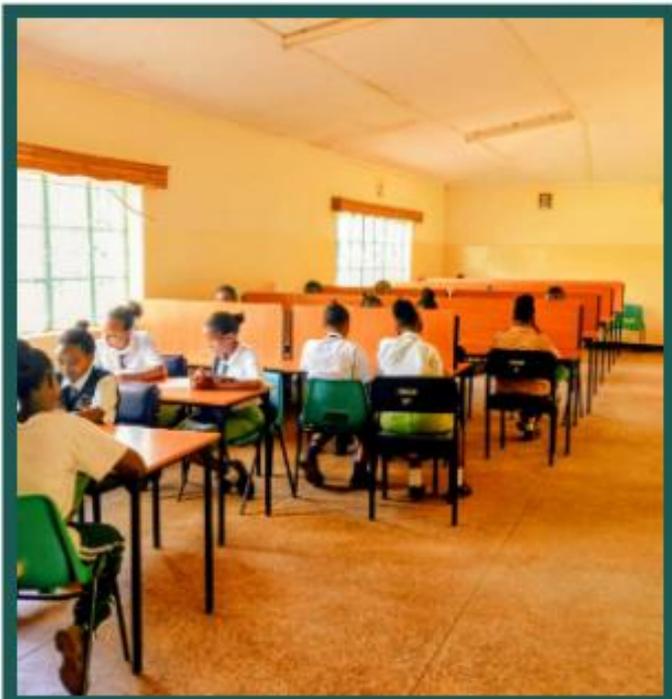

OVERVIEW

Throughout the year, our students participated actively in, academic competitions that included inter-class contests, where learners across all the classes sat for a common examination, Funny that our form two's outshined the form fours, also we had special projects that were introduced by the FKE group, the project included scientific innovations practically in physics classes, we achieved commendable results and earning recognition for the girls' dedication. Our academic toppers continued to set high standards, reflecting discipline, perseverance, and a strong commitment to excellence.

ACADEMIC TRENDS

This year reflected positive academic trends across all the forms. Students demonstrated improved classroom engagement, stronger study habits, and greater confidence in assessments. There was a noticeable shift toward active learning, with increased participation in discussions, group work, and project-based assignments.

Interest in science subjects continued to grow thanks to Sr. Ritah Angela our H.O.D sciences. Students also showed a sustained excellence in the humanities led by Mr Kihusa and languages led by Md. Sharon Cherotich. Students also showed improved time management and independent learning skills, indicating maturity and readiness for future academic challenges. Overall, these trends reflect a learning environment that nurtures curiosity, discipline, and steady progress.

REFLECTIONS

WHAT LEARNERS HAD TO SAY

We've already seen the effects of teacher-student time, as learners had some comments;

Peninah Moga - form 2 east:

The year, 2025 was an amazing year. I received challenges from my fellow sharp students, encouragement from teachers. I learned a lot.

Sr. Sarah Akoth- form Four:

"I have learned that learning is not just about marks, but about understanding and improving every day.

Jasmin ORGUBA-Form three:

This year taught me to believe in my abilities and not fear challenges

Arbe Kimogol-Form two West

This year helped me discover better study habits and the importance of consistency. I learned that asking questions and seeking help has made me more confident in my learning."

Shanis Echipi-form two West:

Through projects and class discussions, I have learned to think more independently and express my ideas clearly. My teachers encouraged me to grow, not just academically, but also in discipline and responsibility.

art by RUTH KANINI on our
2025 cultural day

WHO AM I?

Being respectful, intelligent as well
Girls always shine,
in the midst of darkness,
oh, who am I

Taught by our teachers,
encouraged by our parents
Naurushed by our education
Now, I know myself,

Girls always follow their talents,
No matter what awaits them,
And women of substance always believe in themselves

oh Im a woman of substance
education, education my own priority
Talent, talent my own art
I must be a woman of substance
No matter what awaits me

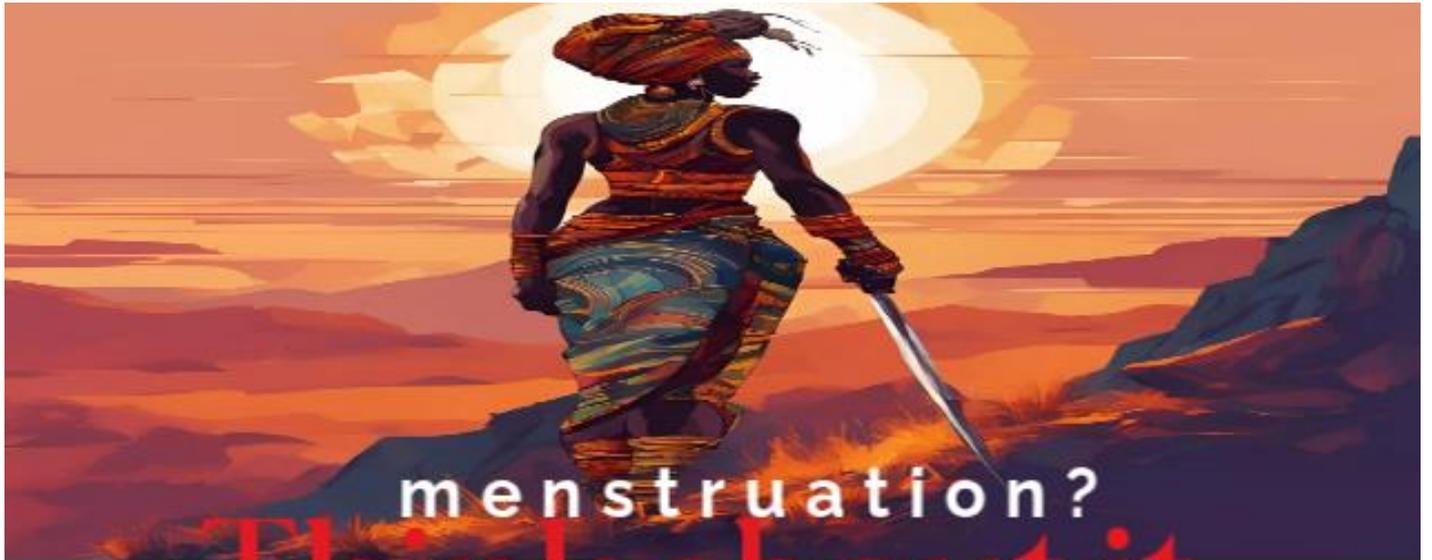

Man is to error
But my dreams are for future
I shall organise my talents
I must follow what is right

Today is my day
I have to shine
No matter what they say,
I must follow my dreams

Maimuna

menstruation? Think about it.

Try thinking, what if men actually did menstruate, that short term every month in men, how could it really be? Honestly, to begin with, men would take pride in it unlike the women who hideout during this period. You would hear men boasting around, "You guys its here, lets go celebrate" once it has begun. Another would say, "You got it today, I've had it for five years, I'm the real man ." and another would say, "Miffey Michael is my role model since he has been menstruating for ten years now."

You could find it all over the magazines, 'MENSTURATOR OF THE MONTH' and in newspapers 'BLOODY-DAYS HEROES' . Men would despise those that do not have the cycle with them and treat them as outcast.

You would even find men registering through the cycle and from a club called 'RED MEN' and you wouldn't enter an organisation without it. The cycle would be the talk of every lip. Men would wait for it as much as they wait for their salaries.

It would be compulsory for you to get a job or even start a business, one should have experienced the cycle. You would even find men in hospitals getting implants of 'bleaders' inside them that would release red fluids in four days after every month
what a national crisis!

THINK ABOUT IT.

By Isayah Joy Mwende- F8

THE INVALUABLE

Excellence of Education

The standards of excellence are brought about with the zeal and ambition in academics. The contemporary world is now waiting for great visionaries so as to cope up with the progression of invention.

The Joy of Learning

Is brought about with participation of learners and teachers. Students and teachers should motivate each other.

call to the girl

You are urged and pleaded with to stand out as great people who are ready to bring about change of victory

view of girl child 1

She has widely been viewed as a game changer in her family. This calls upon girls to embrace education. In great spaces of work, the men have taken the larger part.

MESSAGE
from The
HOD
MRS. MICHA VIDELIS

At St. Mary's Girls Secondary School under the Catholic Diocese of Isiolo, our learning departments are committed to academic excellence grounded in faith and strong moral values. Through teamwork, dedication, and professionalism, teachers across all departments work tirelessly to nurture the intellectual, spiritual, and personal growth of every learner entrusted to us. The Mathematics and Physics departments, together with other learning areas, focus on developing critical thinking, problem-solving skills, and a love for inquiry. By combining theory with practical application and fostering collaboration among departments, we aim to prepare our students to face academic challenges with confidence, discipline, and integrity. Guided by our Catholic values, we remain devoted to shaping responsible, empowered, and God-fearing young women for the future.

STEM LAB SAFETY RULES

-  Follow your teacher's instructions.
-  Don't run in the lab.
-  No food is allowed.
-  Wear safety goggles when they are needed.
-  Respect class resources.
-  Move safely around the room.
-  Read labels before using.
-  When in doubt, ask a teacher.
-  Work as a team.
-  Clean up after yourself.

Md Priscah

Inspiring Scientific Excellence and Girls in STEM

Science remains a cornerstone of academic excellence at our school. The school is committed to nurturing curiosity, innovation, and critical thinking by providing learners with the knowledge, skills, and confidence needed to excel in science-related fields.

In **2025**, the school was privileged to host **FKE**, a group dedicated to encouraging and empowering girls to venture into **Science, Technology, Engineering, and Mathematics (STEM)**. The visit was a transformative experience for our learners, particularly the girls, who were inspired through mentorship, interactive sessions, and real-life success stories. The engagement challenged stereotypes, boosted confidence, and motivated many students to approach sciences with renewed determination and interest.

Following the FKE visit, a notable improvement was observed in students' participation, performance, and attitude towards science subjects. More girls became actively engaged in classroom discussions, practical experiments, and science-based activities. The encouragement they received helped them believe in their abilities and envision future careers in scientific and technological fields.

The school is well equipped with **fully functional laboratories** for Physics, Chemistry, and Biology, providing a strong foundation for practical learning. These facilities allow students to carry out experiments, develop investigative skills, and connect theoretical concepts to real-world applications. Qualified and dedicated science teachers further support learners through guidance, mentorship, and hands-on instruction.

By fostering a supportive learning environment and promoting equal opportunities in science education, our school continues to empower students to pursue excellence in STEM. The school remains committed to producing confident, innovative, and future-ready learners who will contribute positively to scientific advancement and national development.

QMG

SPORTS

Other than academics, our girls participate actively in sports as it was evident in the year 2025. Different teams demonstrated team work, effort and hard work in the field of play. We participate in different events, including indoor games, athletics, football, volleyball, netball, among others

Historic Sporting Achievements in 2025

The year 2025 marked a historic milestone in the sporting journey of our School. Through discipline, teamwork, and determination, our students recorded outstanding performances that elevated the school's profile in competitive sports at the regional level.

In **Term One of 2025**, the school's **athletics team** delivered an impressive performance, earning qualification to the **regional championships held in Machakos**. This achievement reflected months of consistent training, commitment, and resilience from both the athletes and their coaches. Competing at the regional level was a proud moment for the school and a clear demonstration of our growing strength in athletics.

Building on this momentum, **Term Two of 2025** witnessed another remarkable achievement. The school's **volleyball and netball teams** qualified for the **regional competitions held in Embu**. This was a historic first for the school, highlighting significant progress in team sports and signaling a new era of sporting excellence. The teams displayed exceptional teamwork, discipline, and sportsmanship throughout the competitions.

These achievements were not only about winning or advancing to higher levels but also about character development. Through sports, students learned the values of perseverance, cooperation, leadership, and respect for rules and opponents. The support and guidance of games teachers and coaches played a crucial role in nurturing talent and maintaining high standards of discipline and preparation.

The success recorded in 2025 stands as a testament to the school's commitment to holistic education, balancing academic excellence with physical development and co-curricular activities. As the school continues to invest in sports and talent development, these historic achievements will serve as inspiration for future teams to aim higher and achieve even greater success.

OUR CLUBS AND SOCIETIES

JOURNALISM

SCOUTS MOVEMENT

“ROOTED IN FAITH, RISING WITH PURPOSE”

Clubs and Societies: Nurturing Talents, Skills, and Leadership

Clubs and societies play a vital role in promoting holistic education in our School. Through active participation in various clubs, students are given opportunities to explore their interests, develop practical skills, and grow into confident, responsible individuals beyond the classroom.

The **Journalism Club** equips students with communication, writing, and critical thinking skills. Members are actively involved in gathering news, writing articles, photography, and producing school publications. The club encourages creativity, responsible expression, and confidence in public communication while nurturing future writers and media professionals.

The **Life Skills Club** focuses on personal development and character formation. Students engage in discussions and activities that address decision-making, leadership, health awareness, teamwork, and social responsibility. The club plays an important role in guiding learners to become disciplined, resilient, and morally upright individuals.

Through the **Music and Drama Club**, students express themselves creatively through song, dance, acting, and stage performances. The club enhances confidence, teamwork, and artistic talent, while also enriching school functions and cultural events such as Extravaganza. Many students discover and develop talents that contribute to their emotional and social growth.

The **Scouts Movement** instills discipline, patriotism, and practical life skills. Members participate in camping, drills, community service, and leadership training. The movement promotes responsibility, self-reliance, teamwork, and respect for authority, shaping students into dependable and service-oriented citizens.

The **Environmental Club** raises awareness on environmental conservation and sustainable practices. Students take part in tree planting, clean-up activities, and environmental education programs. Through these initiatives, learners develop a strong sense of stewardship for the environment and an understanding of their role in protecting natural resources.

Overall, clubs and societies provide a supportive environment where students discover talents, build leadership skills, and learn values that prepare them for life beyond school. The school remains committed to strengthening co-curricular activities as an essential part of holistic education.

Extravaganza: Celebrating Culture, Talent, and Confidence

Extravaganza is an annual cultural event held every September at ST MARY'S secondary School. It is one of the most anticipated activities on the school calendar, providing students with a vibrant platform to express their cultural heritage, creativity, and talents in a supportive and inclusive environment.

The event brings together students from different backgrounds to showcase traditional dances, songs, poetry, drama, dressing, and other cultural expressions. Through these performances, learners gain a deeper appreciation of their own cultures while also learning to respect and celebrate the diversity within the school community. Extravaganza therefore serves as a powerful tool for promoting unity, mutual understanding, and cultural pride among students.

Beyond cultural expression, Extravaganza plays a significant role in building students' confidence and personal growth. By performing before an audience, students develop public speaking skills, stage confidence, teamwork, and self-discipline. Many learners discover hidden talents and overcome fear, shyness, and self-doubt through their participation. The event also encourages creativity and leadership, as students take part in planning, rehearsals, and coordination of performances.

Teachers and invited guests play an important role in guiding and motivating students throughout the preparation process. Their mentorship ensures that performances are meaningful, well-organized, and aligned with the school's values. Parents and members of the wider community who attend the event further enrich the experience by offering encouragement and appreciation to the students.

Extravaganza reflects the school's commitment to holistic education—one that nurtures academic excellence alongside cultural awareness, moral values, and self-confidence. Each year, the event leaves lasting memories and positively shapes the character of our students, preparing them to become confident, respectful, and culturally aware individuals in society.

**JUN 5
2025**

WORLD ENVIRO NMENT DAY

In different occasions, our girls have actively participated in conserving the environment, led by the principal; SR. JULIA MARK

WE HAVE PLANTED DIFFERENT TYPES OF TREES ACROSS THE COMPOUND

WE HAVE ACTIVELY PARTICIPATED IN CLEANING THE ENVIRONMENT ACROSS OUR COMMUNITY,

WE KEEP OUR ENVIRONMENT CLEAN BY HAVING WELL MANAGED PITS FOR DISSPOSALS

+254711684179

Community Service and Environmental Stewardship

In line with our school's commitment to holistic education and Christian values, students and staff of St. Mary's Secondary School actively participated in community service activities within the Diocese. These activities included cleaning designated areas within the diocesan community and planting trees around the surrounding environment.

Through these initiatives, our students demonstrated a strong sense of responsibility, teamwork, and care for God's creation. The activities not only improved the cleanliness and beauty of our community but also reinforced the values of service, environmental conservation, and active citizenship.

The school remains committed to nurturing disciplined, compassionate, and environmentally conscious learners who contribute positively to both the Church and the wider society.

LET'S TALK BULLYING

WHAT IS BULLYING?

Bullying is a form of aggressive behavior characterized by repeated actions intended to intimidate, harm, or control another person

- *PHYSICAL: Involves hitting, pushing, or any other form of physical aggression*
- *VERBAL: Involves using words to belittle, insult, or threaten someone*
- *SOCIAL: Involves damaging someone's reputation or relationships*
- *CYBERBULLYING: Involves using digital platforms to harass or intimidate someone*
- *EMOTIONAL: Involves undermining someone's self-esteem or mental well-being*

WHAT'RE TYPES OF BULLYING

WHAT TO DO WHEN BULLIED?

- *KEEP CALM.*
- *REPORT INSTANCE.*
- *SEEK COUNSELLING ASSISTANCE.*
- *TALK TO A TRUSTED ADULT.*

Nurturing Life Skills, Wellbeing, and Spiritual Growth for Girls

At ST. MARY'S GIRLS Secondary School, the holistic development of the girl child remains a central pillar of our educational mission. Beyond academic excellence, the school is committed to equipping girls with essential life skills, emotional strength, and strong moral values that prepare them for responsible and confident adulthood.

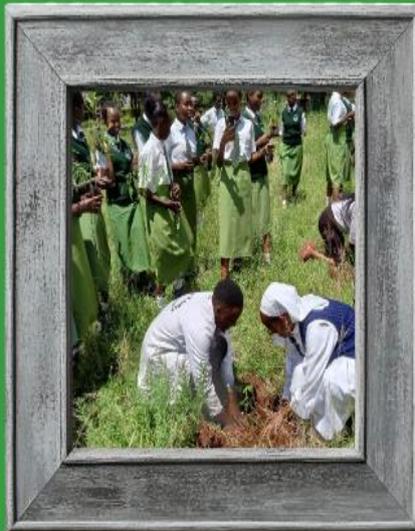

The school's **Guidance and Counseling Department** is active and fully functional, providing a safe and supportive space where students can freely express themselves and seek guidance. Through individual counseling, group sessions, and regular mentorship programs, girls are supported in areas such as self-awareness, decision-making, emotional wellbeing, peer relationships, and personal discipline. This department plays a vital role in nurturing resilience, confidence, and positive self-esteem among learners.

In addition, the school regularly **invites resource persons and mentors** to engage the girls on practical daily life skills. These sessions address topics such as personal hygiene, communication skills, time management, financial awareness, health education, and responsible social behavior. The interaction with experienced mentors helps bridge the gap between classroom learning and real-life challenges, empowering students with knowledge they can apply beyond school.

Spiritual nourishment is also deeply embedded in the life of the school. Students attend **Holy Mass every morning and every Sunday**, creating an environment that fosters reflection, discipline, and moral grounding. Through prayer, worship, and spiritual guidance, girls are encouraged to develop strong values, inner strength, and a sense of purpose rooted in faith.

Through the combined efforts of guidance and counseling, life skills mentorship, and spiritual formation, our school continues to nurture well-rounded young women who are confident, disciplined, and morally upright ready to face life's challenges with courage, wisdom, and compassion.

Teacher Appreciation

With sincere gratitude, we honour our teachers for their dedication, patience, and unwavering commitment to our growth. Each day, they go beyond academics to guide, encourage, and inspire us to become confident learners and young women of character.

Through their wisdom, compassion, and faith-filled example, our teachers shape not only our minds, but also our values. They challenge us to strive for excellence, support us in times of difficulty, and celebrate our successes with genuine pride.

We thank our teachers for being mentors, role models, and pillars of our school community. Your guidance continues to leave a lasting impact on our lives, for which we are deeply grateful.

JOY MWENDE

S/L FOR - ALL STUDENT S

Thank You!

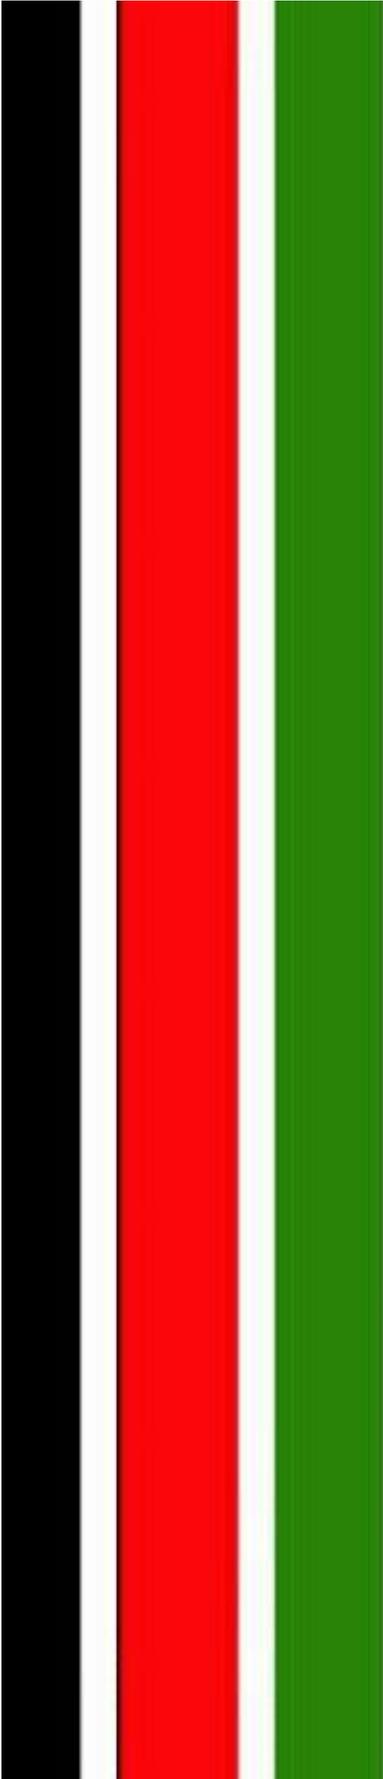

We extend our sincere gratitude to our sponsors and supporters and the church(catholic diocese of Isiolo) for their generous contributions, which made the publication of this magazine possible. We also thank all students and contributors whose creativity, effort, and enthusiasm brought these pages to life.

Our heartfelt appreciation goes to our teachers and staff for their guidance, dedication, and unwavering commitment to excellence in education and formation. Finally, we are grateful to our school leadership and the entire school community for their continued support and encouragement throughout the year.

Warm regards.

Sr. Julia Mark,
Principal
St. Mary's girls secondary school

*O God of all creation
Bless this our land and nation
Justice be our shield and defender
May we dwell in unity
Peace and liberty
Plenty be found within our borders.*

*Let one and all arise
With hearts both strong and true
Service be our earnest endeavour
And our homeland of Kenya
Heritage of splendour
Firm may we stand to defend.*

*Let all with one accord
In common bond united
Build this our nation together
And the glory of Kenya
The fruit of our labour
Fill every heart with thanksgiving*
